

About DriveTime

DriveTime is a unique company that is unlike your typical car dealer. We are different than other dealers because we don't avoid selling used cars to people with poor credit, but instead we specialize in that area. We make this possible by doing 99% of all of our own financing for our customers. This allows us to consider financial aspects that a normal financial institution would not. All of our Albuquerque DriveTime stores offer financing on the purchase of your used car and we can almost guarantee that you will be approved!

Our financing is not the only thing that makes us different from most other car dealerships. At our Albuquerque DriveTime locations, we pride ourselves on having a friendly, knowledgeable staff that makes our stores welcoming to every customer. When you experience the DriveTime difference, you will feel like you are part of a family that is there for you every step of the way. We do not push you away because you have had a history of poor credit, but instead we encourage you to make your future financial situation better by selecting a vehicle that fits your lifestyle.

With several different locations carrying used cars, Albuquerque DriveTime has a nice selection of high quality vehicles to offer our customers. We like to point out that our cars go through a 53-point inspection before they even arrive on our lots and that each car comes with a standard DriveCare® Limited Warranty because we know how important quality is to our customers. Each used car Albuquerque DriveTime locations sell is of the highest quality and our customers can have comfort knowing their vehicle is safe and reliable.
